

HyTek Instructions for Bramcote Open Meet 2018

The entry pack including for the 2018 Bramcote Open Meet is on the Bramcote SC website. It contains the conditions, qualifying times, schedule of events and the Hytek entry file.

For this file to be used clubs must import this into the HyTek Team Manager Software. If your club runs the full team manager system then that is the programme to work from. If you do not have this software you must download the HyTek Lite Version from:

Then add in the athletes. Go to-
